

### TRAIL DESCRIPTIONS:

**Novice Trails:** Novice trails are designed to be short with minor elevation change and easy, more gradual terrain. The novice trails, marked with green arrows, range from 0.5 to 1 mile in length.

**Intermediate Trails:** These trails are designed to add more descent, more technical riding, and considerable elevation change. The intermediate trails, marked with blue arrows, are 1 to 2 miles in length.

**Advanced Trails:** Designed to add more challenge to the intermediate trail with more extreme technical terrain and more elevation change. Advanced trails are marked with red arrows and should only be attempted by experienced riders.

**Blue Circles:** The blue circles mark sections of the terrain, intermediate, and advanced trails. The blue circles are marked with large orange arrows.
