### STAYING SAFE

- Know your limits. Prepare for sun and heat. Take plenty of water, snacks and a first-aid kit. No water or rest rooms are available on the trails.
- Let others know your plans (anticipated activity and timeframe). Take a cell phone and trail map. If alone, leave details visible from your vehicle.
- Keep pets on leashes to keep them and others safe, while protecting wildlife.
- Certain trails may be closed during prescribed burns or for other resource management practices. Check with park headquarters for current conditions and future trail closures.
- Trails may have wet sections, thorny plants, tree roots or low-hanging limbs. These natural conditions may be challenging for strollers, wheelchairs and bicycles.
- Potentially harmful wildlife and plants exist in the park. Stay on trails/mowed areas where you can see snakes and poison ivy. Watch out for cliffs and bluffs along the trail.
